

## FLC-AUTM Animal Health Partnering Forum

AUGUST 29-30, 2023

8:00 AM - 5:00 PM

KANSAS CITY, MISSOURI

This FLC-AUTM Animal Health Partnering Forum is an opportunity for technology transfer and licensing specialists from universities, federal labs, start-ups, companies, and research institutions to connect with their counterparts in external innovations, business development, and licensing from the animal health industry.

### About the Federal Laboratory Consortium

The [Federal Laboratory Consortium](#) for Technology Transfer (FLC) is the formally chartered, nationwide network of over 300 federal laboratories, agencies, and research centers, that fosters commercialization, best practice strategies, and opportunities, for accelerating federal technologies out of the lab and into the marketplace.

### About AUTM

[AUTM](#) is the non-profit leader in efforts to educate, promote and inspire professionals to support the development of academic research that changes the world and drives innovation forward through technology transfer. AUTM is comprised of more than 3,000 members who work in more than 800 universities, research centers, businesses and government organizations around the globe.

AUTM works with the FLC and its member agencies and labs to collaborate with academia and industry on the development of outreach and educational programs, tools, and best practices that enhance the ability of the academic and private sectors to engage with federal labs in technology transfer and research commercialization.

### Partnering and Networking

The Animal Health Partnering Forum features FLC-AUTM Connect, our partnering and networking app that enables users to create detailed organizational and personal profiles, search for other attendees, send and receive messages, and set 1:1 meetings with attendees. [Get the app!](#)
