**TOGETHER, WE CREATE A BETTER LIFE**

**SAINT-GOBAIN**

## OUR PRODUCTS & BENEFITS | BIOPROCESS SOLUTIONS

- Global leader in critical fluid management
- Customized **single-use solutions** for the biopharmaceutical market
- Growing cell therapy applications
- Product benefits include fluid transfer and containment, filtration, connections and flow control, closure systems, and single-use assemblies
- Bioprocess brands include C-Flex®, PharMed®, BarbLock®, PharmaPure®, PureFlo®, Tygon®, and Sani-Tech®

TOGETHER, WE CREATE A BETTER LIFE

## OUR PRODUCTS & BENEFITS | MEDICAL COMPONENTS

- Material expertise in silicone, thermoplastic elastomers and fluoropolymer
- Processing expert in molding, extrusion and all-encompassing custom fabrication for medical OEMs
- Extensive experience with custom silicone, thermoplastic and fluoropolymer formulations, as well as commercial grade silicones
- Markets include – but not limited to – cardiology, diabetes control, drug delivery, endoscopy, and various surgeries
- Co-develop custom solutions when complex design requires high precision and engineering

TOGETHER, WE CREATE A BETTER LIFE

## OUR PRODUCTS & BENEFITS | FLUID TRANSFER

---

- Expert solutions in fluid transfer, high purity fluid control and sealing applications
- Product applications include those in the food, beverage, habitat, aerospace, chemical and electronics sectors
- Offer customized tubing solutions
- Strong brands/channels serve as market differentiators
- Extensive opportunities in **SMART agriculture**

TOGETHER, WE CREATE A BETTER LIFE

## CHALLENGES AND OPPORTUNITIES

---

- Improved control of the rates species diffuse through critical fluid management materials.
- Better dimensional control & extraneous material as components are miniaturized.
- More demanding purity and leachability requirements.
- Improved adhesion/non-adhesion requirements.
- Minimizing the loss of flavor components in food and beverage applications.

- Electronics and Sealing Solutions Business Units

TOGETHER, WE CREATE A BETTER LIFE
